Preface

The preparation of this Register was begun during the Summer of 1906. At first it was thought that a single list of graduates would suffice, but later it was decided to arrange the graduates by colleges and years, adding alphabetical and geographical indices together with the lists of officers and instructors. At the request of the officers of the Alumni Association the list of class secretaries was included. To serve the interests of the various district Ohio State University Associations the officers of each association are given and, in a few cases where they could be procured, the names of the members.

It is realized that in the first edition of a work of this kind there are many opportunities for error, but an earnest effort has been made to secure accurate information. The Editor desires to express his gratitude for the help rendered by a large number of the Faculty and Alumni. To Professors Scott, Smith, and Derby is due credit for much of the information concerning former members of the instructional force. The members of the Faculty with hardly an exception have assisted in securing the addresses of the graduates. The local officers of the Alumni Association have been especially helpful. Several of the fraternities and sororities have furnished the addresses of their Alumni members; special mention may be made of the following: Phi Gamma Delta, Delta Delta Delta, Phi Beta Phi, and Alpha Zeta.

For guidance in the use of this Register the following directions are given. In the main body of the book the names of the graduates are arranged by colleges and classes, the names of those receiving advanced degrees in each case being placed last in their respective college lists. The degree received in a particular year is placed immediately after the name. The degrees noted are from this

University unless otherwise indicated. The colleges are arranged in their accustomed alphabetical order and are referred to in the indices by the following abbreviations:

<i>ag</i>	College of Agriculture and Domestic Science.
<i>a</i>	" Arts, Philosophy, and Science.
<i>e</i>	" Engineering.
<i>l</i>	" Law.
<i>p</i>	" Pharmacy.
<i>v</i>	" Veterinary Medicine.

Advanced degrees are indicated in the index by the abbreviation *ad*. Unless otherwise stated the advanced degree was obtained in the same college as the first degree. Where it is necessary to specifically indicate the college in which the advanced degree was obtained it is done by adding the letter signifying the college to the abbreviation *ad*; as *ad a*, advanced arts; *ad l*, advanced law.

During the coming year at least two University publications will be sent to each address on the Alumni list. We shall be grateful for any assistance we may receive in making this list complete and accurate.

In the course of time it is hoped that the University may be able to publish a list of former students and to that end the assistance of all who may be interested is solicited.

THE UNIVERSITY EDITOR.

Class Secretaries

The following provisional list of Class Secretaries was prepared by the Executive Committee of the Alumni Association. The classes are under no obligation to accept the appointments thus arbitrarily made, but in lieu of a better method of selection it is hoped that the Secretaries named will serve until their successors are either elected or appointed.

The Executive Committee has requested the Editor to report the names of the members of any class whose addresses are lacking to the respective Class Secretary who, it is expected, will assist in securing the desired information. Regarding questions relating to the addresses of Alumni or Ex-students the Secretaries should address the University Editor, Ohio State University, Columbus.

Furthermore, it is hoped that the Secretaries will be able to co-operate with the Executive Committee of the Alumni Association in extending its membership and in assisting in arousing interest in the work of the University. All correspondence with this end in view should be addressed to Professor K. D. SWARTZEL, Ohio State University, Columbus.
